INTRODUCTION
Welcome to CalTime, UC Berkeley’s timekeeping system. This manual is a step-by-step user guide for Exempt employees (salaried and monthly paid employees not eligible for overtime). Exempt employees only use CalTime to record leave, they are salaried and paid based on the percentage of salary recorded in the Human Resource system known as Human Capital Management (HCM).
With CalTime, you can:
• Access your timecard from any computer
• Enter any time off (leave) you have taken
• Approve your timecard at the end of each Monthly pay period
• Have visible online access to your leave recorded.
• View your accrued leave balances and adjustments
Note: Some exempt employees are excluded from using CalTime such as Academic employees who do not accrue or track leave. However, academic employees who do accrue leave are required to use CalTime. Employees that do not report time or leave but are only paid by agreement amounts (non hours).

TRAINING
Brief and concise training videos are available to help familiarize yourself with the different roles within CalTime. These YouTube video tutorials are available at the Caltime website located at http://caltime.berkeley.edu/home. In addition, individual job aids designed based on task and employee role can be found at http://caltime.berkeley.edu/training.

ROLES AND RESPONSIBILITIES
There is a shared responsibility between the employee and supervisor to ensure employees time and leave is reported accurately and approved. The Monthly pay cycle is a calendar month that starts on the 1st of the month and ends on the last day of the calendar month.

For each monthly pay period, employees are required to:
• Record leave taken in whole day increments
• Record leave against the proper job (if employee has multiple jobs), contract or grant
• Approve their timecard by the employee the approval deadline (typically the 1st of the month)

Supervisors are responsible for:
• Reviewing every timecard to ensure their employee’s leave taken is accurately recorded and complete
• Work with employee to resolve errors
• Approve the timecard by the supervisor approval deadline (typically the 5th of the calendar month). In certain cases you may need to submit a timecard on behalf of the employee (for example, if the employee is sick when it’s time to submit timecards).

Approval Deadline
Please note that the approval deadline may shift due to holidays. You will be notified if the approval deadline changes for a particular pay period. Approval deadlines are posted at caltime.berkeley.edu. An approval reminder will be sent to the employees Berkeley email address on the 1st of the calendar month of the month.
By the 5th of the calendar month, the supervisor will review their employee’s timecard for accuracy and approve it if no adjustments need to be made. Once the supervisor approves the timecard, it is locked from further changes. If an employee needs to make a last minute edit to their timecard and the supervisor has already approved the timecard, the supervisor will need to remove their approval before any further edits can be made by the employee.

**Non-Exempt AnyTime Employees:** Hourly and paid biweekly, record the start and stop time of their shift anytime throughout the pay period.

**Non-Exempt RealTime Employees:** Hourly and paid biweekly, must record the start and stop time of their shift on a daily basis (i.e. students).
The **Totals** feature allows you to view your timecard totals. You have the following options:

- **All**: All hours summed for entire pay period
- **Shift**: Hours totaled by shift
- **Daily**: Your hours summed by day (requires clicking on applicable row on timecard)
- **Period to Date**: This will sum all hours up to the date you have clicked on your timecard

---

**Timecard Totals Appear at the bottom of the timecard**

The accruals tab provides easy access to view your leave accruals.
LEAVE AND PAYCODE ENTRY

CalTime uses pay codes to keep track of the leave time and other non-worked time that is entered in the timecard. Examples of pay codes include:

- Vacation Leave Taken
- Sick Leave Taken
- Leave without Pay
- Jury Duty

It is important that hours are tracked to the correct pay code so that your leave balances are correct. You may wish to enter leave into CalTime as you become aware of it, rather than wait until the end of the pay period. For example, if you are taking vacation in the current pay period, enter it into CalTime before you go. If you have taken sick leave, enter it upon your return to work.

Entering Leave

1. Access your Timecard
2. Ensure that you are in the correct pay period.
3. Click on the Pay Code drop list arrow for the day you wish to enter leave.
4. Note: You can expand columns by holding down the left button on your mouse while clicking on the pay code column line to make the column wider.

5. From the dropdown list, select the pay code that categorizes the time you worked or leave you wish to report.
6. Record hours in the Amount Column
7. Click Save
8. In this example, the employee entered vacation leave. They entered the total vacation hours in the “Amount” column.

Deleting Leave
1. Go to the Pay row for the applicable day of the week. Click on the X icon and the hours and pay code for that day will be removed.
2. To edit the hours, simply click on the cell and change the hours or in or out time. You may also edit the pay code by clicking in the cell under the pay code column and selecting a different pay code.
3. Click the “Save” icon at top right of timecard.

Editing a Pay code and Hours
Simply go to the applicable row on your timecard corresponding to the date you wish to adjust and select a different pay code and enter the correct hours in the Amount column. Click the Save icon highlighted in Orange.

Leave Entry for employees on alternative work schedules or Compressed 4/10 Workweeks
Employees with Alternative Work Schedules or Compressed workweeks should enter the number of their daily hours for vacation and full sick days. For example, if you work 10 hours a day for 4 days a week, you would enter 10 hours of leave (vacation, sick, etc.) per day.
Adding and Removing Timecard Rows for Multiple Entries in a Day

The timecard by default only has one row set up for each day of the pay period with one pay code and amounts entry. It may be necessary to add rows to a day to accommodate additional entries. For example, you may:

- Record vacation and sick leave to cover one day

1. **TO ADD A ROW** Click the Plus symbol and this will open a new row for the same day.
   - *In the example below, the employee entered vacation and sick leave for Wednesday, March 1*st.*

2. **TO REMOVE A ROW** Click the X symbol for the row you wish to delete

   Note: Remember to save your change by clicking on the Save Icon which will be highlighted in orange.

Editing Time for Prior Pay Periods (Historical edits)

Once a pay period is closed and the timecard has been submitted to payroll for processing, any changes to that timecard would be considered Historical Edits. If you need to add or change entries for prior pay periods, contact your supervisor. Your supervisor must work with a timekeeper to make the necessary corrections. Only timekeepers have access to edit prior pay periods. Historical edits may adjust your pay or leave balances, depending on the type of correction. Here are examples of when historical edits are necessary:

- Leave that was not recorded
- Leave recorded, but not taken
- Leave recorded incorrectly

REVIEWING AND APPROVING YOUR TIMECARD

Reviewing your Timecard

1. Ensure that you are accessing the correct Pay Period
2. Verify that the leave recorded is accurate
3. Check your Shift and Daily Totals to verify that they add up to the hours of expected
4. Verify that you used the correct pay codes for any leave recorded on your timecard (i.e. vacation, sick leave)
5. If you find any remaining discrepancies, please notify your supervisor who may be able to assist. You may also email caltime@berkeley.edu for assistance.

Add Timecard Approval

Once you have finished reviewing your timecard for accuracy, you may approve your timecard. Your approval is a submission of your timecard and an indication to your supervisor that you are done with your timecard and the hours are accurate. **The deadline for the timecard approval is the 1*st.* of the month period. For example, an exempt employee would approve their March timecard on April 1*st.* The Approval Deadlines for the calendar year may be found at [http://caltime.berkeley.edu/Employee%20and%20Supervisor%20Timecard%20Approval%20Deadlines](http://caltime.berkeley.edu/Employee%20and%20Supervisor%20Timecard%20Approval%20Deadlines)
Once your supervisor approves your timecard (typically the 5th of the month), it is locked from further changes. If you need to make additional edits and your supervisor has already approved your timecard, you will need to reach out to your supervisor so they can remove their approval.

1. Click on “Approve Timecard” icon and click on “Approve Timecard”
2. Once approved, a confirmation appears and the timecard will change colors

Remove Timecard Approval
If you need to make changes to your timecard after approving it, you need to first remove your approval to unlock your timecard for the update. However, if your supervisor has already approved your time, your timecard is locked for changes. Notify your supervisor if your timecard needs to be edited.

1. To remove timecard approval, click on the “Approve timecard icon” “Remove Timecard Approval” button.
2. Once approval is removed, your timecard will change colors (white timecard)
**PRINT A COPY OF YOUR TIMECARD**

1. Select the Period of time you would like to print at top right of your timecard. A calendar icon is available if you would like to select a range of dates.

2. Click **Print Timecard** icon

A new page will open with clear copy of your timecard for you to print on your local printer.

**MY AUDITS**

To the right of your timecard is a blue panel, if you click on **My Audits**, you will be taken to a screen to view any adjustments to your timecard for a specified pay period(s).

The screen will default to the current pay period and a list of any edits made to your timecard.
