INTRODUCTION
Welcome to CalTime, UC Berkeley’s timekeeping system. This manual is a step-by-step user guide for biweekly paid employees in reader or tutor job titles and are typically exempt (not eligible) from overtime.

With CalTime, you can:
• Access your timecard from any computer
• Record hours worked and leave taken
• Approve your timecard at the end of each biweekly pay period
• Have visible online access to your leave recorded.
• View your accrued leave balances and adjustments (if applicable to you)

TRAINING
Job aids designed based on task and employee role can be found at http://caltime.berkeley.edu/training.

ROLES AND RESPONSIBILITIES
There is a shared responsibility between the employee and supervisor to ensure employees time and leave is reported accurately and approved.

For each biweekly pay cycle, employees are required to:
• Record your time worked
• Record time worked against the proper job (if you have multiple jobs)
• Enter any applicable leave time taken (non-worked hours)
• Approve your timecard by the employee approval deadline. Approval of your timecard signifies you are finished with timecard entry for the pay period.

Supervisors are responsible for:
• Reviewing every timecard to ensure their employee’s leave taken is accurately recorded and complete
• Work with employee to resolve errors
• Approve the employees timecard

Approval Deadline
The biweekly pay cycle is a 2-week period that starts on Sunday at 12:00 am and ends on the second Saturday at 11:59 pm. The deadline for approval is the employee’s last work day of the biweekly pay period (which closes on Saturday at 11:59 pm.) For example, if your last day worked is Friday, you should review and approve your timecard by the end of the day Friday. Please note that the approval deadline may shift due to holidays. You will be notified if the approval deadline changes for a particular pay period. Approval deadlines are posted at caltime.berkeley.edu. An approval reminder will be sent to your Berkeley email address on the Friday before the pay period closes.

By the end of the day on Monday following the biweekly pay period close, your supervisor will review your timecard for accuracy and approve it if no adjustments need to be made. Once your supervisor approves your timecard, it is locked from further changes. If you need to make a last minute edit to your timecard and your supervisor has already approved your timecard, you will need to contact your supervisor to remove their approval before any further edits can be made.

1. **TO ADD A ROW** Click the Plus symbol and this will open a new row for the same day.

Editing Time for Prior Pay Periods (Historical edits)
Once a pay period is closed and the timecard has been submitted to payroll for processing, any changes to that timecard would be considered Historical Edits. If you need to add or change entries for prior pay periods, contact your supervisor. Your supervisor must work with a timekeeper to make the necessary corrections. Only timekeepers have access to edit prior pay periods. Historical edits may adjust your hours worked or leave taken, depending on the type of correction. Here are examples of when historical edits are necessary:
- Missing hours worked that were not recorded on the timesheet
- Leave recorded, but not taken
• Hours worked or leave taken were recorded incorrectly

![Click on Handle]

By the end of Monday immediately following the end of the biweekly pay period (Saturday), your supervisor will review your timecard for accuracy and approve it if no adjustments need to be made.
